BOLD ALPHABET..72

These letter styles are intended for emphasis, most often of the family name. Where size of stone and design permit they can be used also for smaller information. They are all suited to being left raised, with the background recessed, see 72. Alphabets 5, 29 and 35 can be sandblasted as small as 1 inch on all granites and as small as ¾ inch only on granites that hold detail well. 22 and 31 can be ¼ inch larger. 72 can only be incised if the accent lines are deleted, otherwise it must be raised or outlined and over 2 inches tall.
