OUTLINE ALPHA...41

Outline Alpha...63

Most alphabets can be outlined if used at a large enough size, but these are the most commonly outlined alphabets. Outline lettering is best used LARGE. It doesn't have as strong a visual impact as incised lettering at the same size, the intricate pieces of small outline lettering are vulnerable to damage and it tends to look very fussy when used small. That said, outline lettering sets off many simple designs very well, especially on granites with very high contrast between frosted and polished areas. Please do not ask for outline lettering smaller than 1 ½ inches in height. Select a larger stone to fit lettering, if necessary. NOTE: Alphabets 18 & 26 have NO numbers, so they cannot be used for dates.
